# Dome Group Offices

“ Established in 1997, the DOME GROUP is engaged in the provision of Health, Safety & Environmental Consultancy, Construction, Maintenance, Project Development and Supply of Equipment & Services to industries and organizations across the Gulf and the Middle East Region. ”

**Talal Ali Daair Al Yafei**  
*Group Managing Director*

*“Dome takes pride in the diversity of its business, geographical coverage and most importantly in its multinational workforce. Through the hard work of its staff at all levels it has managed to achieve annual growth each year since its inception. It is an honour for me to lead such a Group and I look forward to be involved in the successes and challenges to come.”*

# The Dome Team

Dome's management team in each country is led by experienced nationals with extensive local knowledge and deep commitment to building strong, sustainable and profitable business.

Our objective is to support our clients and partners in the successful implementation of all stages of their projects, from inception to completion and beyond. We strive to provide them with services which not only meet, but also exceed their expectations and specifications. This attention to quality is combined with a highly efficient problem solving approach.

Dome's core strength lies in the competence, quality and dedication of its employee team. In addition, we have developed a strong network of external associates which provides ready access to a wide range of resources and expertise; as a result we are able to offer a complete and unique service.

Success through teamwork

# Growth of Dome Group

We believe that our successful growth is testimony to the quality of our services, and we aim to continue to develop these capabilities while ensuring that our standards are maintained.

## Construction and Maintenance Services

The **Dome Group** is proud of its achievements in the construction field in the UAE, Yemen and Iraq. We are able to provide a wide range of construction that include:

- \* Civil
- \* Mechanical, Electrical and Instrumentation
- \* Pre-commissioning
- \* Start-up
- \* Maintenance
- \* Operational Support

## Renewable Energy and Solar Solutions

**Dome Advanced Electromechanical Works LLC (DAEW)** is one of the leading EPC companies executing solar projects in Dubai.

**DAEW** is an approved installer under DEWA Shams program and our clients include: Dubai Petroleum Establishment (DPE), DWTC, DP World, Etihad Energy Services Company (ESCO).

**Dome** HSE Consultancy Division is strongly positioned as one of the leading HSE Consultancy services in the region. We offer a broad range of consultancy services and specialized support to the oil & gas, industrial, infrastructure & development, public sectors and commercial organizations in the Middle East and other regions.

**Dome** has established a strong reputation in the region as a reliable and cost-effective supplier of equipment, materials, services and spare parts to the oil and gas, power and industrial sectors.

Our experienced and efficient procurement team offers a fast response to our client needs, including hard-to-find and niche products, internationally as well locally.

## Health, Safety & Environmental Consultancy Services

## Supply of Equipment and Support Services

# Dome DZ International General Contracting LLC - UAE

**Dome DZ International General Contracting LLC** was established in Abu Dhabi, UAE to provide Electrical & Instrumentation, Construction and Maintenance Services to Oil & Gas, Power and Industrial clients in the Middle East Region.

## Construction Services

- Onshore / Offshore Oil & Gas facilities
- E / I installation including pre-commissioning, commissioning and start-up assistance
- Electrical installation and High Voltage termination
- Instrument calibration and installation
- E / I building works including fire alarm & access control system
- Telecommunication installation including fiber optic termination & testing
- E / I work for Power Plants
- Substation installation
- Diesel / Gas power plant
- E / I for central processing facilities
- HVAC works including fire-fighting systems
- Motor / pumps installation
- Electromechanical installation
- Cathodic protection
- Heat trace

**Solutions For A Powerful Future.**

## Calibration & Testing Services

Dome DZ is also able to provide onsite calibration & testing service and has fully equipped laboratories with electrical testing equipment including:

### Machinery / Equipment

- Generator Set
- Portable Welding Machine
- Oil Filtration Machine
- TIG Welding Machine
- Grinder Machine
- Drill Machine
- Speed Cutting Machine
- Cable Pulling Winch Machine
- Hydraulic Cable Drum Jack with Spindle
- Cable Roller
- Cable Pulling Duct Rods
- Double Cabin Pick-up
- Land Cruiser - Prado
- 7 & 9 Seater Bus
- 3 Ton Pick-up
- 3 Ton Truck
- Trailer Truck
- Boom Truck
- Forklift
- Telescopic Mobile Crane
- Man lift
- Backhoe

### Electrical Test Equipment

- Oil Tester
- Load Bank
- Function Generator
- Earth / Ground Tester
- AC / DC Hi-Pot Tester
- Universal Relay Test Set
- Winding Resistance Tester
- Motor Phase Rotation Indicator
- Primary / Secondary Injection Test Kit
- Non-Contact High Voltage Detector
- Relaying Current Transformer Analyser

### Instrument Test Equipment

- Hart Communicator
- Digital Light / Flux Meter
- Environment / Sound Meter
- Multi-Process Calibrator
- Digital Pressure Calibrator
- Pressure / Temperature / Process Calibrator
- Decade Resistance Box
- Proximity System Test Kit
- IR Thermometer
- Volt / mA Calibrator
- Vibration Meter
- Dead Weight Tester
- RTD / Loop Calibrator

### Optical Instrument / Equipment

- Optic Fiber Pro
- Fusion Splicer
- Cable Analyzer
- Network Cable Analyzer
- Optical Power Meter

# Dome DZ International General Contracting LLC - UAE

Within a short span of time **Dome DZ** has successfully implemented numerous projects in the region. Our major clients in the UAE include **Samsung Engineering, Petrofac, Emirates Global Aluminum (EGA), Dodsai, GS Eng., Daewoo E&C.** **Dome DZ** is in the approved vendor list of **ADNOC** group of companies. **Dome DZ** has also carried out a large number of E&I projects in the Republic of Yemen.

**Dome DZ** operates a QHSE Management System (QMS) certified by Bureau Veritas as compliant to **ISO 9001, ISO 14001 and ISO 45001.** This demonstrates our ongoing efforts and commitment towards continual improvement and increased customer satisfaction which is achieved through delivery of world class services at competitive rates.

# Some of Dome DZ Major Projects

## Al Taweelah Alumina Project

Electrical & Instrumentation Works  
HV Pre-commissioning Testing, Commissioning Support  
Abu Dhabi, UAE  
2017 (completed)

Client: 

Project Managed by:  

## Carbon Black & Delayed Coker Project

3 Substations including all equipment  
MV & LV switchgear & cable laying up to 2,100 Km  
E & I works on all process area  
Testing & Pre-commissioning, loop testing of 19,000 Nos.  
Abu Dhabi, UAE  
2017 (ongoing)

Main Contractor:  Client: 

## HP Flare Modification

Civil Mechanical Electrical & Instrumentation Works  
Abu Dhabi, UAE  
2016 (completed)

Main Contractor:  Client: 

## Execution of Tunnel Pumping Station

Subcontract for installation of Cathodic Protection System  
Abu Dhabi, UAE  
2017 (completed)

Client: 

Specialist Contractor: 

Main Contractor: 

## UZ-750 Project for ZADCO

Supply of Manpower for Electrical & Instrumentation  
Commissioning personnel specialist services  
Abu Dhabi, UAE  
2016 (completed)

Main Contractor:  Client: 

# Dome Advanced Electromechanical Works LLC - UAE

**Dome Advanced Electromechanical Works LLC (DAEW)** was established in Dubai, UAE in 2015 to expand our capabilities in MEP and renewable solar energy projects. As a well established company for solar projects, we provide electromechanical services and total EPC solutions. DAEW is an approved electrical and solar PV contractor and consultant under the Shams Dubai program of Dubai Electricity and Water Authority (DEWA).

**DAEW** is also an approved contractor by local authorities such as Dubai Municipality, Trakhees (Ports, Customs and Free Zone Corporation), Jebel Ali Free Zone Authority (JAFZA), DP World and others.

## **Electromechanical / MEP Division**

**DAEW** offers a full range of Electrical, Mechanical and Plumbing services for buildings and Electromechanical construction for industrial and infrastructure sector. Our services include:

- Electrical Works
- HVAC Systems
- Plumbing - Drainage & Water Supply Systems
- Fire Alarm Systems
- Fire Fighting Systems
- Low Current Systems

**Committed to build better.**

# Some of DAEW Major Projects - MEP

## Hampton Hotel & Residential, B+G+6-JOH

Supply and installations of MEP services  
(*Electrical & Plumbing*)  
Testing & commissioning  
and handing over the project to authorities

## Secure Trade Tower, B+G+4P+21+R, JVC, Dubai

Supply and installations of all MEP services  
(*Electrical, Plumbing, Fire fighting, Fire Alarm,  
Ventilations System, Low Current Systems*)  
Testing & commissioning  
and handing over the project to authorities

## G+5P Car Parking – Za'abeel Expansion (Dubai Mall)

installations of MEP services  
(*Electrical & Plumbing*)  
Testing & commissioning  
and handing over the project to authorities

## Al Naboodah Contracting

Supply and installations of MEP services  
at Aden Airport terminal buildings

## Dubai World Trade Centre

EPC including O & M for DWTC Ph-02

# Dome Advanced Electromechanical Works LLC - UAE

## Solar Projects Division

DAEW also provides Total Solar Solutions as EPC for solar roof top projects.

**DAEW** has a fully dedicated solar team of experienced and highly qualified, approved professionals and all the necessary testing equipment (e.g. Seaward, Megger, Fluke etc.) and European solar design software (PVSYST) to successfully implement solar projects of various complexities.

DAEW has a portfolio of more than 30 MW of successfully completed projects connected on grid involving both LV and MV connections.

## DAEW can fully undertake:

- Engineering, Procurement and Construction of roof top solar plants
- PV power plant design and development
- Consulting and project development of solar projects
- On-grid / Off-grid solar power plants for domestic, commercial and industrial applications
- Operation & Maintenance (O&M) services on all types of solar plants (*industrial, rooftop, ground mounted*).

**Cleaner Energy for a Cleaner World.**

# Some of DAEW Major Projects - Solar

## Dubai World Trade Center

Engineering and Procurement of all AC systems, Permitting and Construction, Testing and Commissioning including O & M of total installed capacity 1.9 MWp on rooftop.

## TOTAL - Solar , Dubai

Engineering, Procurement of all AC systems and Construction of 5.75 MWp Roof top including O & M for 5 buildings for TOTAL - Solar

## Dubai Petroleum Establishment Company

Engineering and Procurement of all AC systems, Permitting and Construction, Testing and Commissioning including O & M of total installed capacity 1.8 MWp on rooftop of 8 buildings

## CT3 - Mina Rashid, Dubai

2.7 MW  
10,300 Solar Panels  
67 Inverters

## LIU10 ph2 - JAFZA Dubai

1.15 MW  
4,500 Solar Panels  
50 Inverters

# Dome Trading and Contracting Company Ltd. - Yemen

**Dome Trading and Contracting Company Ltd., Yemen** is a leading contractor and supplier to Yemen's oil and gas, power and other industrial sector and has implemented various Engineering, Procurement & Construction (EPC) turnkey projects for the Petroleum, Power and Industrial sectors of Yemen. Major projects executed by Dome Yemen include Electrical, Instrumentation and Mechanical works related to Oil & Gas Central Processing Facilities, pipelines, flow lines, wellhead tie-ins, tank fabrications and erections. It also provides maintenance services for electric generators, gas turbines, process vessels, etc. and has recently executed shutdown turnaround maintenance for LNG Plant in Balhaf, Yemen.

The Dome team in Yemen is predominantly Yemeni supported by a multi-national group of highly qualified technical specialists. This team is fully equipped with Dome owned machinery, tools, vehicles and testing equipment.

# Some of our Dome Yemen Major Construction Projects

**Hiswan Fast Track Power Plant**  
Construction works for GE 2 x 30 MW  
TM2500+ Turbines with associated all plant  
Civil and Mechanical works

**EPC Contract**  
for 30MW Diesel Power Plant Steel Co.,  
*Aden Free Zone*

**Construction work related to 30,000 Barrel  
Central Processing Units (CPU) in Yemen**  
including Construction Camp & Steel Structural  
Building

**Electro-Mechanical Works**  
for "Utilities & Off Sites" Areas for 0.4Kv, 3.3Kv,  
6.6Kv, 20Kv, 33Kv, Switchgears &  
Transformers at Yemen LNG Plant at Balhaf

**Installation of 40Km Gas Pipe line**  
including all welding and civil works for Dove  
Energy Ltd.

# Dome Industrial & Engineering Services Complex Co. Ltd. - Yemen

A 100,000sq ft workshop facility in Aden, was established in 2009 to provide fabrication, machine shop and machinery overhaul services. It provides maintenance support work for the Aden port and also for maintenance activities of Dome Trading and Contracting Ltd.

In addition to working directly for our client, the facility supports Dome's own in house projects.

## **Our workshop undertakes:**

- Structured Steel Fabrication
- Repair and Overhaul Engines
- Valves and Pump Repair

**Delivering results, reliability,  
& solid dependability.**

# Some of Dome Yemen Major Maintenance Projects

**Annual Maintenance Contract for Diesel Power Plants for Aggreko**  
(total capacity of the plants maintained is approx. 250MW, over a period of three years)

**Annual Maintenance Contract for Diesel Power Plants for Aggreko in Libya**

**Maintenance Services**  
for heavy duty Grady Cranes for World Crane Services (WCS), *Aden Free Zone*

**Shutdown contract for Train 1 & 2 LNG Process Plant for YLNG at Balhaf**

**Major Engine Overhauls of MHI Generators**  
for Public Electricity Corporation (PEC)

# Al Qubba Engineering Co. - Iraq

**Dome Engineering Co. (Al Qubba Engineering Co.)** ([www.dome-engg.com](http://www.dome-engg.com)) is an Engineering & Contracting Company established in Basrah by the Dome Group to carry out Construction Services, HSE Consultancy, Maintenance Activities and Supply of Equipments to the Oil & Gas and Power Companies in Iraq. It is staffed by a team of experienced and committed Iraqi Nationals with extensive knowledge of local conditions and a close working relationship with our clients.

Since its establishment, Al Qubba has executed several projects involving Civil, Electro-mechanical, Piping Works for International Oil Companies including BR Rumailah, Shell Majnoon, Lukoil and Kuwait Energy Company.

**Engineering.  
Construction.  
Maintenance.**

# Some of Al Qubba Major Projects

**EIA for Siba Gas Field CPF**  
drilling ground water monitoring wells

**Laying out KEC camp in Block 9**  
by 3,000 sq. meters of parquet PVC  
flooring, 3,500 skirting and other  
accessories

**Surveying, sample acquisition,  
testing, excavation**  
of bore holes and trial pits, and installation  
of monitoring wells in Qurna

**HV & LV Electrical upgrade work**  
on DS-1 at Majnoon for Shell Iraq BV

**Supply and installation of Lube Oil  
Blending Systems**  
for South Refineries Company

# Environmental Consultancy Services

Our well qualified and locally based teams of world class consultants have amassed extensive knowledge of projects of various complexities and sizes in different sectors. Our in-depth and up to date understanding of the regional laws, regulations and standards enables us to guide our clients through various approval processes and ensure timely completion.

## Environmental and Social Impact Assessment Studies & Permitting including:

- Environmental Permit Application Preparation & Submission
- Regulatory Permitting Liaison and Negotiation
- Stakeholder Mapping and Engagement
- Environmental Impact Assessment (EIA)
- Strategic Environmental Assessment (SEA)
- Preliminary Environmental Review (PER)
- Environmental Impact Assessment Summary (EIAS)
- Environmental Risk Assessment (ERA)
- Carbon Footprint Calculation and Analysis
- Natural Systems Assessment (NSA)
- Best Available Technique / Technology (BAT) Analysis
- Social Impact Assessment
- Equator Principles Compliance Assessment

***Approved HSE Consultants with Environment Agency Abu Dhabi (EAD), Dubai Municipality, Ras Al Khaimah EPDA, EHS Trakhees, ADNOC Group companies, Ministry of Environment and Climate Affairs – Oman, Ministry of Environment – Iraq.***

## Environmental Management and Auditing, Environmental Monitoring and Surveys

- Environmental Management System & Compliance Support
- Construction Environmental Management Plan (CEMP)
- Operation Environmental Management Plan (OEMP)
- Decommissioning Environmental Management Plan (DEMP)
- Environmental Compliance Audit for Construction and Operational Phases
- Construction-phase Site Management Services and Monitoring
- Phase1 & Phase2 Contaminated Management and Assessment (CLA)
- Site Remediation Management, Plan and Strategy
- Ambient Air Quality Monitoring using AQMS (*reference method*), portable equipment and diffusion tubes
- Noise Monitoring (short-term and long-term measurement)
- Terrestrial and Marine Ecology Survey
- Soil and Groundwater Monitoring
- River Water / Marine Habitat Sediment Quality Monitoring
- Radioactivity Measurement

## Environmental Modeling & Assessment

- Air Emissions Dispersion Modeling
- Environmental Noise Modeling
- Hydrodynamic Modeling
- Oil Spill Modeling
- Groundwater Modeling

“ A Service oriented approach ”

# Safety & Risk Consultancy Services

Dome offers specialized Safety & Risk consultancy services at various stages of the lifecycle of a facility - Conceptual, Front End Engineering Design, EPC, Operation and Decommissioning.

An independent, agile and highly responsive engineering consultancy.

Specialized Services in the following sectors:

- Process Safety & Risk
- Loss Prevention
- Operational Safety
- Asset Integrity

## Our Core Competencies

### Process Safety & Risk

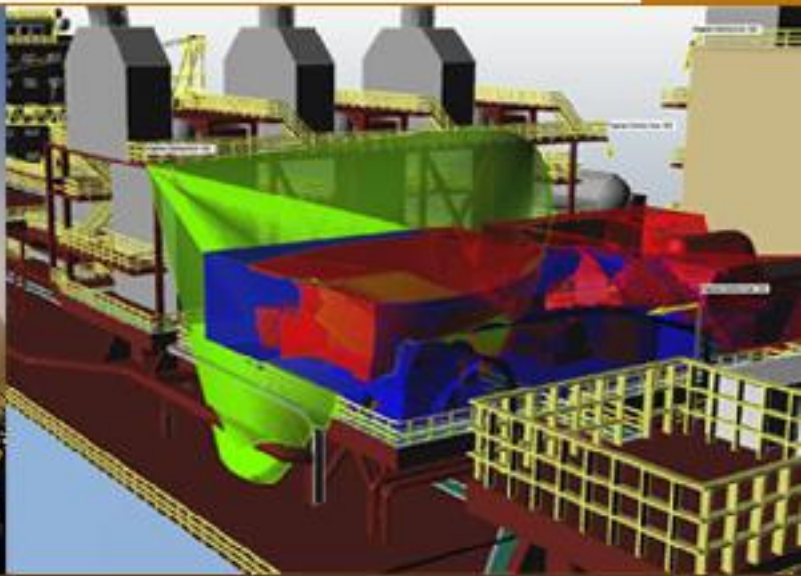

- HAZID, HAZOP, SIL Workshops
- SCE and Performance Standards
- Noise Study
- CFD Modelling
- Quantitative Risk Assessment (QRA)
- Bow Tie, SIMOPS Workshop
- ALARP Studies
- Design Safety Case
- All formal Safety Assessments (Dropped object, Ship Collision, etc.)

### Asset Integrity

- Life Extension Study
- Plant Availability Modelling including spare parts analysis (RAM)
- RBI, LCC & Maintenance Prevention

**1500+** HSE Projects Implemented  
**30+** HSE Consultants and Professionals

## Operational Safety

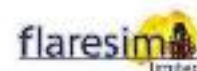

- RAM Study & FMECA
- FEED Verification / Independent Assurance
- MOC Review / Close-Outs
- Technical Authority Services
- Operational Support
- Operations Safety Case
- Development / Management
- Safety Case Roll-Out
- Pre-Startup Safety Reviews

## Loss Prevention

- HSE Philosophies
- Hazardous Area Classification
- Fire, Water Demand Calculations
- Escape Route Layouts
- Human Factor Engineering (HFE)
- Flare Study
- Fire & Gas Detection Layouts
- Hydraulic Surge Analysis
- Support in developing HSE design Philosophies

## Tools & Software Used in Safety & Risk Studies

- PHAST/ Safeti 8.11 (QRA / FERA / FHA / EERA / others)
- Flaresim v 5.2.1 (Flare Radiation and Dispersion Studies)
- PHA PRO V 8.0 HAZID / ENVID / OHID / HAZOP Workshops)
- THESIS V 6.0 (Bow-Tie development)
- Bow-Tie Xp (Bow-Tie development)
- exSILentia V 3.0 (SIL Assessment)
- Detect 3D (F & G Mapping)
- InFlux (CFD Dispersion Gas Detector Mapping)
- Surfer – Contours and Graphic developer

# Occupational Health Services

Dome has dedicated trained professionals to undertake Occupational Health Risk Assessment (OHRA) studies for oil & gas and other operating facilities to meet facility owner's/operator's requirement as per the local and international guidelines. Our OHRA consultants have worked extensively on occupational hygiene services, designing and managing several international OHRA projects and have been responsible for many dozens of HSEIA/OHRA projects for ADNOC Group Companies in the UAE, as well as for other clients in the Gulf region.

Dome is a registered company with OSHAD (Abu Dhabi Occupational Safety and Health Center) as EHS Consultant.

## Occupational Health Studies

- Occupational Health Risk Assessment (OHRA)
- Occupational Health Identification Workshops
- Control of Substances Hazardous to Health (COSHH) Assessment
- Occupational Health Training Services
- Ergonomics and Manual Handling Assessments
- Remedial Action Plan (RAP) strategies to enhance performance

## Industrial Hygiene Monitoring

- Noise & Vibration Assessments
- Occupational Hygiene Exposure Assessment
- Indoor Air Quality Assessment

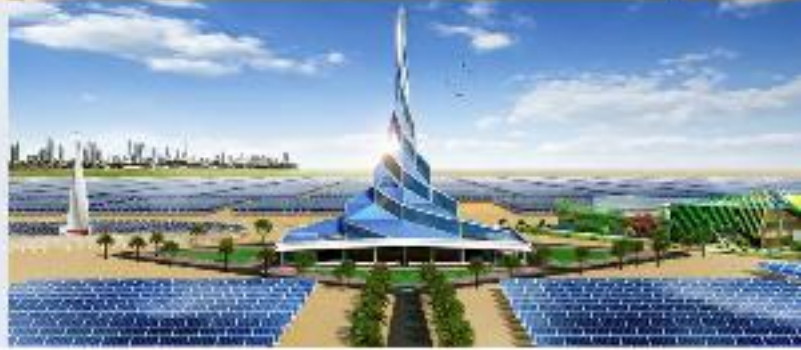

## Occupational Health Modelling Services

- Hazardous Area Classifications
- Noise Mapping
- 3D Model Review for Ergonomics Assessment

# Some of our Major HSE Projects

## Fichtner EIA Study for MBR Solar Park

Fichtner GmbH & Co. KG (Fichtner), the Technical Advisor of the Project, appointed Dome International Safety & Environmental Consultants as the Project's Environmental Impact Assessment (EIA) Consultant to conduct EIA Study for the 3,843 MW PV CSP Mohammed Bin Rashid Al Maktoum Solar Park.

## Technip HSEIA Safety & Risk Studies

Dome Oilfield Engineering & Services LLC undertook the following services for Technip / ADNOC DALMA Gas Development Project - FEED Phase.

- Phase 1 HSEIA & Quantitative Risk Assessment Study
- Fire and Explosion Risk Analysis
- Escape, Evacuation & Rescue (EER) Analysis Study
- Gamma Radiation and Dispersion
- HAZID / HAZOP / Bow Tie / SIMOPS / ALARP Workshop

## HSE studies for Zakum Oil Lines Replacement Project - Phase 1

- HAZID / HAZOP / SIL Workshops
- Quantitative Risk Assessment Study
- Fire and Explosion Risk Analysis
- Escape, Evacuation and Rescue Analysis Study
- Emergency System Survivability Analysis Study
- Dropped Object Assessments
- Vent Dispersion and Radiation Study
- HSECES Identification & Performance Standards

## Mina Zayed SEA

Strategic Environmental Assessment (SEA) for Mina Zayed Phases 1, 2 & 3 Master Plans.

Review of Regulations, Policies and Strategies  
Review the PPPs relevant to the master plan development to gain an understanding of the key environmental, social and sustainability themes.

## Safety Case for Sibbo Field Development Project, Iraq

Dome prepared the Safety Case for Sibbo Field Development Project, Iraq for Kuwait Energy Limited.

- HAZID / Bow Tie / MOPO Workshops
- COMAH studies
- Emergency Response Plan
- Operation Safety Case

# Dome Engineering Services LLC - Oman

Dome Engineering Services LLC was set up as a local Omani company (in line with the Omanization requirements of the country) to cater to the needs of Oman oil and gas, power and industrial sectors. Dome is registered with Oman Joint Supplier Registration System (JSRS) for oil & gas services. Dome also represents a number of manufacturers for supply of their products to oil and gas, power and other sectors in Oman.

Dome Engineering Services LLC, Oman supplies equipment and spare parts and is also capable of providing construction services in Oil & Gas and Power sectors. Dome is Commercial agent for numerous Korean principals that supply Cranes, Carbon Steel, Columns and Vessels, Heat Exchangers, Ejectors, Static Mixer, Oil Skimmer, Furnaces, Air Cooled Condensers, Analyser Packages, Air Blowers, Combustion Air Fans, Air Conditioning and Space Heating Installations, Pumps, Earthing and Lightning Protection, Venturi Tubes, Integral Orifices, Safety Relief Valves and Flame Arrestors.

**Experience. Precision. Excellence.**

# Some of DES Oman Major Projects

**Supply of Refurbished Control Cards  
for Orpic's Gas Turbines**

**Supply of Level Gauges  
(Samel Industries)  
to Orpic**

**Supply of GD/SPX  
Flow Door Closure Spares  
to OGC**

**Design Review Works of SALALAH LPG  
Extraction Plant Engineering  
for Oman Gas Company S.A.O.C.**

**Supply of Instrument  
Tubes and Hose Fittings  
to Orpic.**

# Dome International for Environmental and Engineering Services LLC - Oman

Dome International for Environmental & Engineering Services LLC (DIEES) was established in March 2017 and shortly thereafter approved by Ministry of Environment and Climate Affairs as an environmental consultant. DIEES is also registered in the Oman Joint Supplier Registration System (JSRS) and with Petroleum Development Oman (PDO), other governmental organizations and Free Zone Authorities.

Within a short span of time DIEES has completed several EIA projects with various clients and a number of Safety and Risk studies for projects from major clients. Our list of clients includes PDO, Duqum Free Zone Authority, Oman Aviation, Petrofac and Occidental Oman.

**Your Comprehensive  
Environmental Solutions Partner.**

# Some of DIEES Oman Major Projects

**Ambient Air Quality Monitoring**  
for Rabab Arweel Integrated Project, Oman

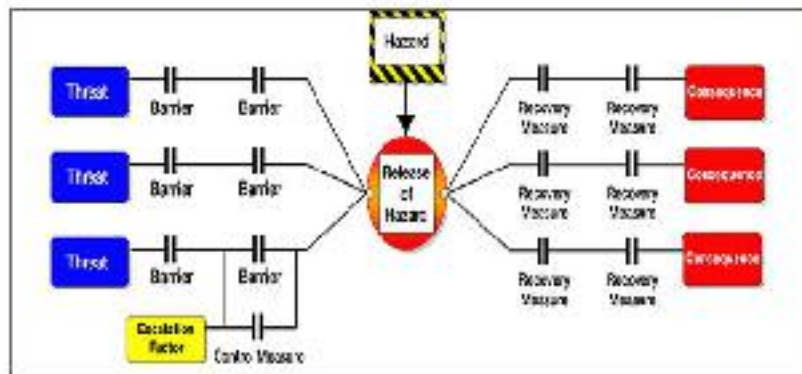

**Environmental Impact Assessment (EIA)**  
for Oman Aviation Group

**Environmental and Social Impact Assessment (ESIA)**  
for Daqm Sewage Treatment Plant

**HAZOP & SIL Studies for NGL Extraction Unit with Off-Site Works & Utilities Project**  
in Oman Oil Refineries and Petroleum Industries Company (ORPIC) in Oman for GS Engineering & Construction Corp (GS E&C / ORPIC)

**QRA, COMAH and Fire, Gas Dispersion and Explosion Risk Assessment (FGDERA)**

for Orpic's 14" NGL Pipeline and OGC SAOC's 32" Gas Loopline

## Supply of Equipment, Material & Support Services

The Dome Group has established a strong reputation as a reliable and cost-effective supplier of equipment, material and spare parts to the region. We have an experienced and efficient procurement team, able to expeditiously respond to our client needs by sourcing material internationally as well locally. Our clients include leading companies and organizations from various sectors including Petroleum, Oil and Gas, Power, Construction, Engineering and Governmental bodies, both on a national & regional level.

We are the authorized Sales Agent and Distributor for a number of important international suppliers and manufacturers of goods. This places us in the enviable position of being able to procure and consolidate our client's requirements, from the smallest components to the largest packages.

Our multi-faceted approach provides clients with an all-inclusive service, guaranteeing ongoing efficiency, cost-saving and responsive after-sales service. Dome believes in a collaborative approach with its clients, enabling our team to anticipate Clients needs and work hard to meet and exceed them.

Dome's reliability, professionalism and cost effectiveness has earned us the recognition of our clients, who continue to reward us with an increasing amount of work.

“ On time and  
within budget. ”

# Quality, Health, Safety & Environmental Management Systems

Dome continuously strives to conduct its business with honesty, integrity and respect for all its stakeholders.

Dome is wholly committed to achieving a high standard of quality in all its business undertakings and to continual improvement.

The health and safety of Dome Group employees is of paramount importance and Dome promotes a Zero Accident philosophy within the work environment. Work related hazards are identified and appropriate preventative and protective measures are implemented.

In addition, the Dome Group is committed to minimizing the impacts of its activities on the environment and to promoting sustainability.

Dome companies are certified to the International Standards: **ISO 14001:2015, ISO 9001:2015, ISO 45001:2018 and OHSAS 18001:2007** by Bureau Veritas and Gabriel Registrar.

Corporate Social Responsibility (CSR) forms an integral part of Dome's core values and objectives. We are committed to supporting the wellbeing of our staff, the communities in which we work and our environment. Dome has been a loyal supporter of Médecins San Frontier (MSF) for over twenty years as well as a number of other charities.
